WORK EXPERIENCE

AngkolTech (angkoltech.com)

Davao City (Remote)

Technical IT Support / Technical Virtual Assistant

Mar 2026 – Aug 2026

- **Level 1 Help Desk:** First point of contact for client staff via email, chat, and remote sessions; resolved hardware, software, printer, and connectivity issues and escalated complex cases to senior engineers.
- **User Account Management:** Created, updated, and disabled user accounts in Microsoft 365 and Google Workspace; handled password resets, account lockouts, group memberships, and licenses.
- **Onboarding & Offboarding:** Set up email, licenses, shared drive access, and laptops for new hires; revoked access, forwarded mailboxes, transferred files, and recovered equipment for departing staff.
- **Email Administration:** Created business mailboxes, aliases, shared mailboxes, and distribution groups; configured Outlook and Gmail on desktop and mobile.
- **Security & Maintenance:** Enrolled users in multi-factor authentication (MFA), reported phishing and suspicious sign-ins, applied software and Windows updates, and escalated backup and monitoring alerts.
- **Documentation & VA Support:** Maintained the IT asset and license inventory, wrote how-to guides for recurring issues, and managed client emails, scheduling, and follow-ups for the engineering team.

Bakawan Data Analytics Inc.

Bay, Laguna

On-the-Job Trainee (OJT)

Present

- **PLSP Med System:** Developed and supported the PLSP Med system for the clinic, enabling doctors and nurses to systematically organize and manage student medical examinations.
- **Technical Support & QA:** Monitored the system, troubleshooted issues, provided end-user IT support, and performed software testing and bug tracking.
- **Development & Project Work:** Assisted with frontend, backend, and database tasks, and took part in project planning and stakeholder communication.
